History of Genesis Business Centers Ltd.

- The Founder of Genesis Business Centers Ltd was the CFO at FilmTec Corporation in 1979 as the 15th employee. FilmTec made world class disruptive technology in the field of reverse osmosis desalination. He was involved in the successful outward licensing of this technology to De Danske Sukkerfabrikker in Denmark in 1980. In 1985 FilmTec was acquired by Dow Chemical Company when it had 200 employees.
- Jacobs left FilmTec Dow in 1987 to do venture capital and technology transfer consulting in his own firm. He now has over 50 years of business experience and has excellent contacts world wide.
